## Board of Directors Corner George Latch, Chairman

I would like to take the time to thank all that participated in this years election at WEBC, all the candidates who ran and all the voting members that felt strongly enough about their club to try and make a difference. You can make a difference whether you hold an office or not. It's the outlook of the entire membership that assists the club to proceed ahead through the good and not so good times. So, we are asking for all to put their differences aside and come together to get this club where it needs to be. This year's Board is facing many tasks that have not been planned for in the previous years. We have a membership meeting February 9 to discuss many of the challenges that are confronting us this year. Please attend and show your support.

**Updates from the Board** – Club Hours are being changed to open at 11 am Wed. to Sun. The kitchen (The Galley at WEBC) is now in operation and is offering good grub at decent prices. This is your kitchen, please support it. Suggestions can be put in the suggestion box. Please try not to make them too colorful.

**All new members** from 2008 & 2009 must contact Tony Arnold to get their twenty hours in and the three events or their membership can be terminated.

**Marina – Slip pick** will be moved to March 28<sup>th</sup> 12 noon to 2pm. If the marina is getting dredged we would appreciate payment in full for your slips at that time. Also, pricing of the slips and the electric rates being charged may be increased with the membership's approval. The Marina Committee is looking for a few more people to join. We are also looking for additional travel lift and forklift operators. Please contact George Latch at 610-636-9931. The House and Grounds committees are also in need of more members to join in to volunteer time.
