## BOARD OF DIRECTOR'S REPORT

In the last year or so, the board has purchased a new work boat and added a new awning to the front of the building. The awning on the back deck is still 100% usable and in good shape even though we were told it had to be replaced. We also installed air conditioning in the bath houses. In the meantime, we still do all the holiday events which are free to all members. Room rentals are up by 175%. Our kitchen is doing a great job with all the catering for the room. We have 98 boats in winter storage. The front gate has been repaired with new keypad and rollers. We also have a new storage trailer for our banquet room tables and chairs as well as the outside furniture. We have 9 light poles ready to go up. We already replaced 5 of them. Pilings will start to be put in within the next 2 weeks. New camera system will be installed by February 2016. Marina bonds are ahead of schedule, 3 more to be paid by the end of December. Once again, I would like to thank all Ladies Auxiliary volunteers and the bartenders for their dedication to the club. Thank you for a great boating season and this board hopes to serve you again next year. Have a safe and good holiday! Remember this is your club so please support the bartenders, they work as volunteers.
